

DISCOVERY 4

ACCESSORIES

2010 AND 2005-2009 MODEL YEAR ACCESSORIES

GO BEYOND

New look. New style. New Discovery 4. Bold, versatile and now even more luxurious with a groundbreaking design that incorporates many practical features as standard. But because every owner enjoys his or her own unique lifestyle and pursuits, there is a range of specialised items to bring even more style and added capability to new Discovery 4. Importantly, most accessories can be added at any stage during your vehicle's life. These latest accessories may be suitable for pre-10MY Discovery 3 models too. Please ask your Land Rover Dealer for the details.

 10MY and 09MY vehicles only

Recommended Tyre:
 •255/55 R19 111V A/T

Centre Cap
 Sparkle Silver Finish - RRJ500030MNM

**Please note: Must be ordered as a set of five 20 inch wheels per vehicle and each 09MY vehicle only must have a tyre information label fitted. (All markets except North America VPLAW0004, for North American markets VPLAW0005) please see your Land Rover Dealer for further information.

When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tyres may offer certain styling or driving benefits, but may be more vulnerable to damage, please discuss your requirements with a Dealer when selecting your vehicle and specification.

Exterior styling. Exterior accessories for new Discovery 4 combine rugged protection with stylish looks. The front bumper, grille and headlamp clusters can lead a punishing life if full use is made of new Discover 4's impressive all-terrain potential. It's why a protection bar and lamp guards have been developed to cover these key areas. Doors and sills can find life tough too. Land Rover designed side steps, body side mouldings and protection tubes help prevent stone chips, scuffs and scrapes, whether you're crossing the countryside or the car park.

Protection Bar*
VPLAP0022
Made from soft-feel polyurethane.
Compatible with the Electric Winch.
Driving Lamp Kit not included.

*Available late 2009

Raised Air Intake

VPLAP0018

Not compatible with 5.0L V8 Petrol models.

VTD500020

Side Protection Tubes, Black Steel
VTD500010

Body Side Mouldings
VPLAP0012

Body Side Mouldings with Bright Insert
VPLAP0013

Full Length Roof Rail Kit - Bright Finish
LR006442

Luggage Box*
VPLDR0003
Lockable for security. Opens from both sides. External dimensions: 1,600mm long, 960mm wide, 410mm high. Volume 450 litres. Load capacity 54.8kg.

Short Roof Rail Kit - Bright Finish
CAP500090
For vehicles not fitted with factory-fit roof rails.

Luggage Carrier*
LR006848
Load capacity 62.6kg.

Aqua Sports Carrier*
CAB500030
Carries one surfboard or sailboard and mast, or one canoe or kayak.
Load capacity 45kg.

Ski and Snowboard Carrier*
LR006849
Lockable for security. Carries four pairs of skis or two snowboards.
Incorporates slider rails for easy loading. Load capacity 36kg.

Sports Box*
VPLDR0002

Lockable for security. Can be mounted either way for kerbside opening in any country. Internal retention system for skis or other long loads. External dimensions: 2,300mm long, 620mm wide, 390mm high. Volume 400 litres. Load capacity 56.3kg.

Expedition Roof Rack*

CAB500021PMA

Vehicle must be fitted with a Short Roof Rail Kit CAB500120PVJ/CAP5000090. Vehicle height when fitted 2,095mm at normal ride height. Load capacity 54.3kg.

Cross Bar Kit

LR007472

Adjustable position crossbars, for carrying all Land Rover roof mounted accessories featured. Easily removed when not in use. Lockable for security. Vehicle height when fitted 1,980mm at normal ride height. Load capacity 71.8kg. Vehicle must have factory-fit roof rails fitted or Roof Rail Kit CAB500120PVJ (not shown)/CAP500090/LR006442

Lashing Eye Kit

VUB503160

Six additional tie-down points for use with T-slots on Crossbars.

Ratchet Strap

CAR500010

Nylon tie strap for securing items to the Crossbars, Luggage Carrier or Expedition Roof Rack. 5m long, 20mm wide, supplied individually.

Rear Ladder

AGP780020

Carrying and towing. From sailboards and skiing gear to extreme expeditions, new Discovery 4's carrying and towing equipment can handle the load. Eight different specialised roof carrying systems are available to take care of a wide range of items, plus there's a rear-mounted carrier to satisfy bike enthusiasts. And if loads are too big for the roof, choose from two different tow bars to make use of new Discovery 4's impressive towing capability.

*Roof Rails and Crossbars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.

Quick Release Tow Bar*

KNB500070
Lockable for security. Easily removed. 50mm Tow ball, height 400mm from ground. 3,500kg trailer load capacity (250kg trailer nose load).

Quick Release Tow Bar Stowage

(not shown) WV0500020
Hidden loadspace storage block. 7-seat vehicles only.

***Tracking Target Sticker**

Required for vehicles fitted with Trailer Assist option only. Please contact your Land Rover Dealer for further details.

Multi-Height Tow Bar*

LR007484
50mm Tow Ball. Three different towing heights. Lowest tow ball height 350mm from ground. Highest tow ball height 500mm from ground. 3,500kg trailer load capacity (250kg trailer nose load).

Please note: Not compatible with 08MY-09MY Body Styling Pack.

Combination Tow Ball/Jaw Unit*

RTC8159
50mm tow ball and jaw combination for increased towing versatility. Fit only to 450mm (from ground), Tow Ball position of Multi-Height Tow Bar. 3,500kg trailer load capacity (150kg trailer nose load).

How to choose your Tow Bar

1. Choose which Tow Bar suits your requirements:
 - a. Quick Release Tow Bar – KNB500070
 - b. Multi-Height Tow Bar – LR007484
2. Choose which electrics kit suits your requirements:
 - a. 'N' and 'S' Type Electrics – VPLAT0011
 - b. 13 Pin Electrics – VPLAT0012
3. Select any further options:
 - a. Bike Carrier – STC50063
 - b. Lighting Board – STC8153
 - c. Quick Release Tow Bar Stowage – WV0500020

Speak to your Land Rover Dealer for assistance.

N.B. All tow ball heights quoted on this page are at vehicle normal ride height.

Lighting Board**

STC8153
4-metre cable plugs into 'N' Type Electrics socket.

****Please note:** These accessories are not suitable for Caravans, Trailers or Lighting Boards fitted with rear mounted LED Lamp Kits.

'N' and 'S' Type Electrics**

VPLAT0011
Supplies all trailer rear lighting and caravan interior equipment power. Compatible with the Lighting Board.

13 Pin Electrics**

VPLAT0012
European style towing electrics supplying all trailer rear lighting and caravan interior equipment power. Not compatible with the Lighting Board.

Electric Winch

VUB501471
4,300kg [9,500lb] maximum load capacity. Includes cover for protection when not in use. Plug-in remote control allows safe operation from up to 3.6m.
Compatible with Protection Bar (VPLAP0022)

Winch Accessory Kit

(not shown) STC53202
Includes strap, snatch block, two shackles, heavy duty gloves and a storage bag.

Underbody Protection (winch version)

VPLAP0024

Underbody Protection (non winch version)

VPLAP0025

Bike Carrier

STC50063

Fits to the Multi-Height Tow Bar. Holds two bicycles. Trailer may be towed at the same time.
Tow Ball can only be fitted at 350mm and 500mm heights. Not compatible with Friction Type Tow Hitches.

For further information on Land Rover bikes please go to www.2x2worldwide.com

Interior styling. The sumptuous, more tactile all-new interior for new Discovery 4 provides increased levels of craftsmanship and comfort. There is also the opportunity to add even more practicality with accessories such as a cargo barrier, stainless steel sill tread plates and waterproof seat covers. And of course, to help keep younger passengers comfortably seated there's a range of three child seats.

Load Retention System

VUB503130

Utilises loadspace tie-down points. Includes floor net and two ratchet straps. Strap length approximately 2m.

BABY-SAFE plus Infant Carrier*
 VPLMS0007
 For babies 0-13kg
 (approximately 12-15 months).
 Includes sun/wind canopy.
 Padded machine washable cover.
 Rearward facing on rear seat.
 Rear outboard seating position only.
 Requires BABY-SAFE ISOFIX Base
 VPLMS0008 (shown below).

DUO plus Child Seat*
 LR006637
 For children 9-18kg
 (approximately 9 months – 4 years).
 One-pull, height-adjustable
 headrest and harness.
 Padded machine washable cover.
 Forward facing on rear seat.
 Includes top tether.

KID plus Child Seat*
 LR004940
 For children 15-36kg
 (approximately 4 – 12 years).
 Seat belt guides correctly position
 seat belt. Three adjustable width
 positions. Improved side impact
 protection. Padded machine
 washable cover.

BABY-SAFE ISOFIX Base*
 VPLMS0008

Electric Cool Bag
 VUP100140L
 Powered by the 12 volt
 auxiliary socket. Thermostatically
 controlled temperature.
 Easy clean interior surface.
 Height 380mm, length 380mm, width 220mm
 Volume 14 litres.

Protects upholstery from mud, dirt and wear and tear. Machine washable. Includes headrest and armrest covers. Colour shown may differ from the actual product.

landrover.com/ourplanet

Our commitment is to a sustainable future. Everything from the design of our vehicles and the way we build them, to how and where we use them and, at the end of their life, to how they can be safely disposed of, Land Rover is committed to a sustainable future. We're committed to reducing our impact on the environment and are working in four key areas.

e_TERRAIN TECHNOLOGIES.

In 2007 we announced a joint investment into new technologies to improve the environmental performance of our vehicles. This joint investment now stands at £800m. Building on the innovation of the Land_e concept, the first of these technologies is the Stop/Start engine in our diesel manual Freelander 2. In 2008 we revealed our new concept vehicle, the LRX; a Land Rover in body and spirit but conceived as a hybrid 2.0 litre diesel with potential CO₂ emissions of 120g/km.

SUSTAINABLE MANUFACTURING.

World class manufacturing facilities. Certified to ISO14001 since 1998. Our manufacturing facilities at Solihull and Halewood have reduced emissions by around 4 percent year on year, over the last 5 years. Our TDV6 and TDV8 engines are assembled in the Dagenham Diesel Centre which is powered by wind turbines. Total energy used in manufacturing each vehicle has been reduced by 19 percent since 2002. While water use per vehicle has been cut by 14 percent in the same period. We're also offsetting all CO₂ emissions by the manufacturing assembly of Land Rover vehicles at both plants. Partnered with specialist organisation Climate Care, our offset projects include a wind farm in China and hydro electric generators in Tajikistan. In addition, Land Rover vehicles are now designed to be 85 percent recyclable with all current models meeting the European End of Life Vehicles Directive. Sustainable and recyclable materials play an important role too: Freelander 2 contains 10 percent recycled and 10 percent renewable materials.

CO₂ OFFSETTING in 2006, in the UK, we launched a pioneering programme for customers, independently administered by Climate Care, to offset CO₂ emissions for the first 45,000 miles (72,000 km) of all new Land Rovers. This programme is being rolled out progressively to other countries around the world. We're also the first automotive company to offset 100 percent of our manufacturing assembly CO₂ emissions.

GLOBAL CONSERVATION AND HUMANITARIAN PROJECTS.

Land Rover vehicles are used by conservation and humanitarian organisations worldwide and are often first choice for difficult tasks. Organisations include the Born Free Foundation, Biosphere Expeditions, Royal Geographical Society (with IBG), China Exploration and Research Society and Earthwatch Institute. Our projects are diverse, ranging from an initiative to help with the protection of rare wolves in Ethiopia, to a project funded by our CO₂ offset programme which provides efficient cooking stoves to rural parts of Uganda.

Our planet. We take our responsibility to our planet very seriously. Our vehicles are designed for purpose. As part of our Fragile Earth policy Land Rover has actively promoted responsible off-road driving since 1990. Our Experience Centres teach drivers to understand the full potential and unique breadth of capability of their vehicles while reducing impact on nature and the environment, in a wide range of activities.

All Land Rover Approved Accessories fitted by a Land Rover Dealer within one month or 1,000 miles/1,600 kilometres (which ever occurs first) of the handover of a new vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems.

This publication is intended for international usage and whilst Land Rover take the utmost care in ensuring that all details in the publication are correct at the time of going to press, we are constantly striving for improvement and therefore reserve the right to alter specifications and equipment without notice. Details of specifications and equipment are also subject to change to suit local market conditions and requirements, and not all products are available in every market. Some vehicles are shown with accessories or optional equipment fitted. These products vary from market to market, please consult your Land Rover Dealer who will be pleased to advise you on current specifications. Distributors and Dealers are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.
